Commissioner for Patents

Per the remand by the Board of Appeals and Interferences, a telephone call was initiated by the examiner to applicant's representative in order to obtain a copy of the last page of the examiner's answer which was signed and dated June 8, 2006, but for some unknown reason was not scanned into the IFW system. Applicant's representative graciously faxed a copy of the last page of the Examiner's Answer to the examiner so that the same could be scanned into the IFW system. A complete copy of the examiner's answer is now present in IFW including the signed last page of the Examiner's Answer. The application is now ready for docketing at the Board of Appeals and Interferences for their consideration.

Any further communication can be directed to Jeff Aftergut at 571-272-1212.
